HOME-SEEKERS.

Twenty Thousand Boomers Waiting to Be Registered.

A Number of Government Clerks Kept Busy Handing Out Certificates.

The Record for Monday Was 1,000—Three Times as Many as on the Day Before.

Up Their Places to Women—Water Selling at Ten Cents Per Cup.

ARKANSAS CITY, Kan., Sept. 13.—Nine clerks from Washington began Monday registering 20,000 home-seekers who are in this vicinity. During the first hour less than one hundred certificates were issued, but as the clerks became more familiar with their duties they worked more rapidly. The record for the day was 1,080.

At this rate it is impossible for all to register before Saturday, when the strip will be opened, unless the force of clerks is increased. Owing to the dust that fills the air and the lack of water, those in the vicinity of the water wells at ten cents a cupful and twenty-five cents for a canteen. The interior department is bitterly condemned for having sent the strip away from the water and shelter.

John H. Cameron, a Kansas City real estate man, who had been waiting for information about the status of the strip, then a lot of women who had not stood in line, but to whom the men had given money to register.

Nora Wiley, fourteen years old, got up with the crowd with two cups of coffee, which she gave to the clerks, saying, "I am an orphan, and I want to register for a town lot." The men, displaced at first looked blankly at her, then cheered. The clerk gave her a certificate, which she triumphantly waved aloft.

The last two days have seen a great influx of boomers. Every road leading here has been filled with an unbroken procession of wagons and every train in the country is crowded with boomers. The crowd now present exceeds that at the Oklahoma rush. On Saturday and Sunday there was a serious bread famine. It is almost impossible to get anything to eat at the hotels or restaurants. About thirty wheelmen came in from Kansas City and St. Joseph, Monday. The bicycle organization numbers over one hundred men who will make the run.

The county attorney has sent out deputy sheriffs to drive away three-cent movie men and other choppers who were swindling boomers.

GEN. DE MIRBEL DEAD.

The French Army Loses One of Its Most Brilliant Leaders.

PARIS, Sept. 12.—Gen. De Mirbel, chief of the general staff of the French army, died suddenly Monday.

Gen. Mirbel was the author of the plan of mobilization which had been prepared for in case of a war, and he had contributed very largely to the plan for an offensive war against Germany. He is really extraordinary what luck Germany has in the matter of the disappearance of those generals on whom the French nation have successfully built their hopes. Chaney, Courbet and Mirbel have died in France, and Schokoff died in Russia.

A Life Pass for a Hero.

CHATTANOOGA, Tenn., Sept. 12.—Will E. Moore was crossing a trestle on the Lookout mountain incline, a car came along which could not be stopped.

W. W. Williamson, a passenger, at the risk of his life, leaped forward, grasped Moore and pulled him on, saving him from a certain death. Williamson was given a lifetime pass on the line, reading: "Presented on account of an act of personal bravery in saving a human life."

Disaster's Victim.

BRISOL, Sept. 12.—A dispatch from Kinsington says that Ex-Chancellor Bismarck is suffering from erysipelas of the stomach and bowels. His tendency to gout makes his condition on the whole serious, but he is in no immediate danger, although he is very weak and greatly emaciated.

BUSINESS CONGRESS.

Great Meeting of Business Men in Washington.

WASHINGTON, Sept. 12.—A meeting of representatives of the boards of trade of the United States will be held here Tuesday to influence congress in relieving the nation of the financial stringency, to strengthen the present national organization and to establish permanent headquarters. There are in round numbers 1,100 boards of trade in the United States.

The national board of trade, which has been in existence for the past 25 years, and meets here annually, is composed of only 30 consulting boards, or less than 5 per cent of the total number.

The New York board of trade and transportation took the initiative in the movement. After several weeks of correspondence with the commercial bodies north, east, south and west, this body, through its secretary, formally issued a call for a convention to be held at Willard hall, in Washington, Tuesday.

The rooms of the local board of trade, which is composed of 150 members, will be used as business headquarters.

It is expected that the outcome of this convention will be a new national organization with permanent headquarters in this city. Board of trade and business men generally consider this matter of national organization a matter of great importance to the sand bodies throughout the country, for then they will have a central office to call upon by letter or telegram for information about the status of pending commercial bills for statistical information. The convention will be in session several days.

To Refund Money to Settlers.

WASHINGTON, Sept. 12.—The senate committee on public lands has introduced a bill Monday of the bill introduced providing for the repayment of fees, purchase money and interest paid on void entries of public lands. The committee divided upon the bill on political lines, the republicans advocating the refunding of the money, and the democrats opposing it.

In the Senate.

WASHINGTON, Sept. 12.—In the senate Monday morning the new court submitted a resolution providing a committee of five senators to ascertain and report whether any senator was interested as stockholder or otherwise in any national banks. Mr. Hill, New York, opposed the resolution on the ground that it was unequal for and unbecoming a reflection on the members. The resolution being objected to, went over until Tuesday. The repeal bill was then taken up and Mr. Pugh of Alabama, spoke in opposition to it.

Congratulatory Messages.

WASHINGTON, Sept. 12.—Mrs. Cleveland and the baby continue to improve, and a reflection of the recovery of the mother is expected. Dr. Bryant has gone to New York, leaving his patient in another's hands, which is a sufficient proof how confident he is of a quick recovery. All day long congratulatory messages have been received from nearly every country on the globe.

Want the McKinley Bill Retained.

WASHINGTON, Sept. 12.—Joseph Wharton, of Philadelphia, vice-president of the American Iron and Steel Association, was the leading speaker at the iron and steel men who met the ways and means committee in conference Monday. BANDITS CAUGHT.

The Mound Train Robbers Under Arrest and One Has Confessed.

OWEN, Kan., Sept. 14.—The men who held up and robbed the "Price" east-bound train at Mound Valley Sunday morning have been captured. Their names are George and Charles McCune, Charles Bant and W. W. Curry. The capture was made at Arkansas City, Kan., where the outlaw had joined the multitude of boomers who were gathered at Mound Valley for the opening of the Cherokee strip. One of the bandits has made a confession and has admitted that he fired the shot which killed Messenger Chapman.

The men belong to the class known as fakirs at racing grounds and county fairs. They are not known to the police of Kansas or the marshals of Indian Territory, and it is not thought that any of them have records as desperadoes or train robbers prior to the affair of Mound Valley. The robbers were brought here Monday. The capture was made by officers of this county.

The men were taken to the jail at Mound Valley, where they were held until they could be taken to Coffeyville, Kan. There George McCune, being drunk, met an old chum, Sam Jones, and they went to the hotel where they had been staying. The party then started for the Strip, and Jones informed Marshal Jackson and a posse overtook and captured them.

The prisoners do not look like the ordinary type of border men. They were taken to Coffeyville and held until they could be taken to Mound Valley. The party then started for the Strip, and Jones informed Marshal Jackson and a posse overtook and captured them.

A GATHERING

Without a Parallel in the History of the World.

The Coming Together of Representatives of All the Creeds

Of Every Land Under the Sun—A Gathering After the Frontiers and a Casting Off of the Nationalities—A Picturesque Personal.

CHICAGO, Sept. 13.—An event of world-wide historic interest, hitherto before accomplished—took place in Chicago, Monday. It was the assembling of the parliament of religions, a gathering of representatives of all the great beliefs of the world. The object is to show how important are those things upon which all are agreed, and how comparatively unimportant are the differences of creed. The result of the parliament, it is expected, will be to emphasize what is fundamental, and throw into the background those differences which are accidental and superficial.

Ingress was impossible to the apocryphal palace on the lake front long before the hour appointed for the beginning of the proceedings. No such immense crowd had gathered before during all the memorable series of congresses since the beginning of the world's fair. Aside from the size of the crowd it was even more distinguished by its cosmopolitanism, which some of the enthusiastic participants declared had never been exceeded, not merely since the beginning of the fair, but from the beginning of the world. In the mingling in picturesque array with the apparel befitting the prominence of the wearers in the high religious congresses of Europe and America and in the almost bewildering throng it was almost impossible to particularize individuals. Among those who were present were: Kwang Yu, Confucian, secretary of the Chinese legation at Washington; Dhamapala, Southern Buddhist, secretary of the Mahabodhi society of India; Virchand R. Pandhi, secretary of the Jain association of India; Dr. Ernest, head of the Christian mission to China; George T. Candlin, Christian missionary direct from Tientsin, China; Yozo Nomura, Japanese Buddhist, Tokyo; Minat Tcheraz, Armenian church; Horio Toki, Shinto, Saitama; Zensuwan Ashtu, Jodo Nichida and Inoguchi, Buddhist priests from Japan; Swami Vivekananda, secretary of the Orthodox Brahminical society of India; Ganendra Nath Chakravarti, theologian from India, and many others, including notable of the Roman Catholic and Jewish congresses who were still in the city.

Just as the new Liberty bell at the world's fair was tolling a hush fell on the great audience, and his eminance, Cardinal James Gibbons, in elegant and words of touching simplicity, pronounced the invocation to the Deity. This followed addresses of welcome by President C. J. Fox, president of the World's Congress Auxiliary of the world's fair, Iowa Henry Harrows, of the first Presbyterian church, of Chicago, the president of the Parliament of Religions, Rev. Augustus Baphin, D.D., and President Hilgibson, of the World's Congress Auxiliary. Responses by Cardinal Gibbons, Most Rev. Archbishop Redwood, New Zealand; Count Albertberg, Berlin; Most Rev. Blonsius, Latvia, archbishop of Zante, Greece; Carl Von Herzen, Ph. D., Sweden; Prof. G. M. Chakravarti, H. Dharmapala and P. C. Moncomard, of India; Hon. Pung King Yu, of China; Principal Grant, of Canada; Mrs. Laura Ornitt, of E. Illinois, Bishop R. W. Arnett, Miss Jeanne Seraphi, Rensselaer, Louisiana, of Hungary; Carl Von Pergen, of Sweden and others. The entire day was practically taken up by these addresses.

GROWING BRIGHTER.

Thousands of idle employees had been laboring at PITTSBURGH, Sept. 12.—A large number of idle men were given employment Monday by the railway and by the iron and steel plants. For the first time since June 30 every department in Jones & Laughlin's American works is in operation. The new employment, to 3,500 men. Sixteen additional furnaces were put in operation at the National Tube works, and the sheet mill of Moorehead, McLean & Co. was started.

The Carbon steel works went on "rolling turn," and the bar mill, two heating furnaces, two puddling furnaces and four sheet mills of the United States iron and tin plate works started up with full force. The Zug & Co.'s plant resumed on single turn, and other plants are preparing to start.

Slitless Hungarians. CORAOPOLIS, Sept. 12.—A large party of Hungarian coal miners engaged in a riot at Cliff mines, on the Hungarian railway near here, Monday evening over the possession of a watch. Revolvers, clubs and stones were freely used, and when the fight was finally quelled it was found that five Hungarians had been shot and numerous others bruised and cut. None of them, however, were dangerously injured. No arrests have been made, and it is evident that the trouble is not over.

Agreed on a Boundary.

CALCUTTA, Sept. 12.—A dispatch from Simla says that the British government has announced that he has made satisfactory arrangements with the Russian commission regarding the boundary between British India and Afghanistan in the Khush River.

October 12th to 14th, 1893.

It would be superfluous to make lengthy notices of the features of this fair, as the name and fame have gone abroad in the land, and the simple announcement of its date and place is sufficient to guarantee large crowds of people and the exhibition of stock. Prof. Louis Bush, the famous astronomer, will give exhibitions of his famous "Lunar Eclipse" on Friday and Saturday, October 13th and 14th, in full view of the assembled multitude.
